## Pictures, notices, stories, stuff....

In the good old days of a printed newsletter, we regularly had articles from club members telling everyone where they had been, how they had finished, and where things went right (and wrong!). We would love some more of these to post up on our new web-site.

Any pictures or stories from the British anyone - please share with the rest of the club...

## Muncaster Galoppen and Cumbria Schools Champs

Fantastic weather and a great area for the latest Galoppen, courtesy of WCOC.

The annual secondary schools competition for Cumbria was run as part of the event, and Ulverston scooped many of the medals, finishing as top school ahead of Cockermouth and QEGS (Penrith).

Below is a picture of all the medal winners. Congratulations to you all....
